WHAT:

Glogster is a tool that allows your students to create online multimedia posters. Glogster supports text, photos, videos, audio, drawings, data attachments and more. It's easy interface allows you to simply drag and drop the desired media onto the Glog. This powerful tool allows student to be creative and integrate core subjects. Once the Glog is created, a url is generated so the student can access the Glog later.

HOW:

Students do not need to sign up - the teacher registers the students and the student Glogs are private/safe and can be monitored by the teacher. You can sign up for a 30-day free trial or pay according to the table below:
